Updating Japan through DX and AX

Driving DX & AX with GEECHS Talents database

*Make the biggest impression
in the 21st century*

As a strategic partner, we harness IT, DX, and AX to upgrade Japan's traditional business practices and legacy systems to global standards—and beyond. Armed with powerful assets built over the years—including our extensive network of digital freelancers, global talent, and newly upskilled professionals—we directly address the transformation challenges of Japanese corporations. Striving for constant evolution towards “incomplete perfection,” we are committed to continuously upgrading Japanese society and driving new economic growth.

Market Challenges & Solutions

- Growing IT/DX/AX investment in Japan is hindered by shortages in “talent headcount” and “execution capability”.
- We provide solutions to human resource challenges across each business segment.

Challenge

Shortage of IT, DX and AX Talent

Projected shortage of up to 3.39 million AI-related professionals by 2040.*
The lack of high-skilled DX and AX talent is the primary bottleneck for corporate digital initiatives.

Our Solution

Optimizing IT/AI Talent Utilization

Providing optimal resource allocation and solving talent shortages through domestic and offshore IT talent, regardless of employment type (freelance or permanent).

Cultivating IT/DX/AX Talent

Developing next-gen engineers and DX/AX leaders from the “seed” via “Sodatech” (SaaS video content) and digital bootcamps in the Philippines.

Driving DX/AX Solutions

We provide “Digishoku,” a hands-on partnership service that goes beyond simple tool provision and recruitment to execute DX and AX, upgrading clients.

* Ministry of Economy, Trade and Industry (METI) “Employment Structure Projections for 2040 (Revised Edition)” (Japanese only)

Financial Highlights for FY2026/3

2

Key Messages

FY2026/3 Financial Highlights

- Quarterly sales reached 6.7 billion yen, with operating profit of 220 million yen.
- Full-year sales grew to 26.37 billion yen (+4.8% YoY).
- Operating profit surged to **875** million yen (**+76.7** % YoY), exceeding our revised forecast.

- IT Human Resources Matching Business, Japan: Built an organization that grows without relying on headcount expansion, driven by the beta launch of “GEECHS AI” and the cultivation of an AI-native culture.
- IT Human Resources Matching Business, Overseas: Achieved turnaround to profitability by focusing on high-margin projects and reinforcing our organizational structure.
- Seed Tech: Launched the “Digishoku” (Practical DX) service to drive digital transformation for SMEs, while existing offshore development and education businesses continue to grow steadily.

FY2027/3 Forecast

- Targeting **1.0** billion yen in operating profit as we transition into a new growth phase.
- Updating the GEECHS Group's business model by expanding beyond traditional IT freelance matching to focus on “Digishoku”, a hands-on service that modernizes operating companies through DX and AX.

FY26/3 : Financial Highlights

- Full-year sales grew steadily to 26.37 billion yen. Operating profit rose by 76.7% YoY, driven by profitability improvements in the IT Human Resources Matching Business, Overseas and AI-driven efficiency in the IT Human Resources Matching Business, Japan. We exceeded our full-year plan at all profit levels, positioning the company for further growth.

(Millions of yen)	FY25/3 Full-year	FY26/3 Full-year	FY26/3 4Q	YoY Full-year	FY26/3 Plan	
					Full-year	Achievement Rate
Sales	25,162	26,375	6,707	+4.8 %	26,600	99.2 %

* Net profit attributable to owners of the parent

FY26/3 : Financial Highlights (Sales, Operating Profit Margin)

- Quarterly sales grew steadily to 6.7 billion yen (+3.9% YoY), driven by the IT Human Resources Matching Business, Japan, which led group-wide growth.
- The full-year operating margin improved to 3.3% from 2.0% in the previous year, maintaining a steady upward trend.

*1 The IT Human Resources Matching Business, Overseas has been consolidated from 1Q FY24/3, while Other business was excluded from consolidation in FY25/3 due to a partial business transfer and withdrawal.

*2 G2 Studio's shares were transferred in FY24/3 and excluded from consolidation from FY24/3.

FY26/3 : Financial Highlights (EBITDA, Operating Profit)

- Quarterly operating profit expanded significantly, up 49.8% YoY. We secured stable profits throughout the fiscal year and evolved into a consistently profitable structure.

FY26/3 : Financial Highlights by Segment

- IT Human Resources Matching Business, Japan: Continued to grow in both sales and profit, nearly achieving the full-year profit target while driving group-wide growth through its stable earnings base.
- IT Human Resources Matching Business, Overseas: Achieved a full-year turnaround to profitability by optimizing its revenue structure, exceeding full-year plans for both sales and profit.
- Seed Tech Business: Captured strong demand for offshore development, resulting in 45.2% YoY sales growth. Segment profit reached 172.3% of the target, significantly exceeding the plan and demonstrating rapid, significant growth.

Won the “GOLD” Award at the “Freelance Agent AWARD 2026”

GEECHS

「フリーランスエージェント
AWARD 2026」にて
「GOLD」を受賞

Won “GOLD,” the highest rating, at the “Freelance Agent AWARD 2026.”

Based on a rigorous screening involving freelance engineer votes and industry recommendations, we secured the “GOLD” award—a prestigious honor presented only to the top 5 companies out of 328 nominees nationwide.

Financial Results by Segment

3

IT Human Resources Matching Business, Japan

(Sales, Segment Profit and Advertising Expense Ratio)

- Full-year sales grew to 16.73 billion yen (+8.9% YoY), with segment profit rising to 1.39 billion yen (+8.8% YoY).
- Brand strength enabled efficient customer acquisition, keeping the advertising expense ratio at a well-controlled 1.2%.
- The take rate in the IT freelance sector improved to 18.2% (18.0% in 3Q).

4Q		(YoY)
Sales	4,265	million yen (+5.6%)
Segment Profit	374	million yen (+4.2%)
Advertising Expense Ratio	1.2	%

Full-year		(YoY)
Sales	16,731	million yen (+8.9%)
Segment Profit	1,397	million yen (+8.8%)
Advertising Expense Ratio	1.2	%

* Take rate is calculated by dividing gross profit (total transaction volume less compensation paid to IT freelancers) by the tole transaction volume.

IT Human Resources Matching Business, Japan (Person-months, Unit Price of Orders)

- Quarterly person-months reached a record high of 5,271, surpassing 20,000 for the full year for the first time.
- The full-year average unit price of orders remained at a high level of 832,000 yen, even as regional projects with relatively lower prices increased.
- Job-to-applicant ratio is 5.75x, with AI-related projects are increasing. (7.80x in the same period last year).

(Person-months) ■ # of person-months

(¥ Thousand) ■ Unit price of orders

4Q	(YoY)
Number of person-months	5,271 (+5.2%)
Unit Price of Orders	832 thousand yen (+0.8%)

Full-year	(YoY)
Number of person-months	20,709 (+8.3%)
Unit Price of Orders	832 thousand yen (+0.7%)

IT Human Resources Matching Business, Japan (New Business Partners, New IT Freelance Registrants)

- The number of new business partners increased by 34, bringing the cumulative total to 1,992 companies.
- The number of new IT freelance registrants exceeded 1,600 for the full year (1,543 in the previous year).Moving forward, we will focus on securing talent that meets specific clients' needs, particularly in AI and PM roles.

1,611

IT Human Resources Matching Business, Japan (Profitability of IT Freelancers)

- Unit economics stood at 5.4 (down 0.3 YoY), while LTV continued to grow steadily. We will strategically shift our acquisition targets toward AI-related engineers and PM talent, aiming to maintain appropriate control over CAC.

*Average total engagement duration including project changes

IT Human Resources Matching Business, Overseas (Sales, Segment Profit)

- Full-year segment profit reached 33 million yen, achieving a turnaround into profitability from the previous year's deficit. Having completed cost-reduction initiatives such as office relocations, we anticipate further progress toward a profit-focused business structure by prioritizing a strategic shift to high-margin projects.

4Q	(YoY)
Sales	2,346 million yen (1.3%)
Segment Profit	-6 million yen (-)
Full-year	(YoY)
Sales	9,243 million yen (-1.8%)
Segment Profit	33 million yen (-)

* Figures are converted into JPY using the average exchange rate during the period (AUD 1 = 96.50 JPY). The assumed exchange rate is AUD 1 = 95 JPY.

Seed Tech Business (Sales, Segment Profit)

- Full-year sales reached a record high of 478 million yen (+45.2% YoY), driven by strong growth in offshore development alongside the solid performance of the digital study-abroad program in 2Q.
- Full-year segment profit posted a dramatic increase to 34 million yen—more than six times the previous year’s level—achieving rapid earnings growth while prioritizing upfront investments in 4Q for the next fiscal year.

4Q	(YoY)
Sales	123 million yen (+25.2%)
Segment Profit	1 million yen (-90.0%)

Full-year	(YoY)
Sales	478 million yen (+45.2%)
Segment Profit	34 million yen (+504.3%)

Changes in the Number of Employees

- Particularly in the IT Human Resources Matching Business, Japan, AI-driven improvements in per-capita productivity limited headcount growth to just 1.6% against an 8.9% increase in sales.

*1 Consolidation of Alive Inc. began in FY25/3 following its acquisition.
*2 Consolidation of IT Human Resources Matching Business, Overseas, began in FY24/3.
*3 The Other business segment was partially transferred and withdrawn at the end of FY25/3.
*4 G2 Studios was excluded from consolidation at the end of FY24/3 following the transfer of its shares.

Shareholder Composition

- The share of corporations increased, while the holdings of overseas institutional investors decreased.

Consolidated Balance Sheet & Cash Flow Statement

- Strong profit growth following business recovery improved cash generation, increasing Free Cash Flow (FCF) by 1.19 billion yen YoY.
- We maintained sufficient cash for growth investments while repaying debt and implementing shareholder returns.

**Forecast for
FY2027/3**

4

FY2027/3 : Forecast

- We target an operating profit of 1.0 billion yen (+14.2% YoY) as we enter a new growth phase.
- We position this fiscal year as a period to redefine our business model. We will make upfront investments in recruitment, talent development, and AI strategies in 1H, and accelerate profit growth from 2H onwards.

(Millions of yen)	FY26/3 Full-year	FY27/3			Change	YoY
		1H	2H	Full-year		
Sales	26,375	13,600	14,700	28,300	1,924	+7.3 %
EBITDA	975	380	710	1,090	114	+11.8 %
Operating profit	875	335	665	1,000	124	+14.2 %
Ordinary profit	842	320	650	970	127	+15.1 %
Net profit*	643	208	422	630	-13	-2.0 %

* Net profit attributable to owners of the parent

FY2027/3 : Forecast by Segment

- IT Human Resources Matching Business, Japan: We plan to improve profit margins alongside continuous revenue growth, while also launching new AI solution services.
- IT Human Resources Matching Business, Overseas: We will maintain our strategy of selective orders for high-margin projects, aiming to boost earnings with a projected 77.2% YoY increase in segment profit.
- Seed Tech: We target a segment profit of 20 million yen while amortizing goodwill from Alive Inc. We will establish a strong foundation for future growth by expanding our order pipeline and strengthening the operational framework for the “Digishoku” (Practical DX) service.

(Millions of yen)		FY26/3	FY27/3	Change	YoY
IT Human Resources Matching Business, Japan	Sales	16,371	17,300	928	+5.7 %
	Profit	1,434	1,550	115	+8.0 %

Dividend Payout Ratio	47.8 %	51.6 %

Key Initiatives for FY2027/3

5

IT Human Resources Matching Business, Japan: Key Initiatives

- Upgrading from a Traditional HR Agency Model

Shifting to a Database Focused on AI-Driven Development and PM Talent

We are strengthening reskilling support for IT freelancers to transition into AX consultants and PMs. This initiative will drive our evolution into the “platform of choice” in the AI era, securing more high-value-added projects.

Actively Securing “AI Solutions” Through Lab-style Development

We are moving beyond traditional matching to build dedicated development teams with our registered IT freelancers as partners.

Strengthening and Expanding Our Customer Base in Regional Cities

We are expanding the number of business partners by meeting the high demand from regional companies facing IT and AX talent shortages.

IT Human Resources Matching Business, Japan: Issues Identified Based on the Survey Results

IT Human Resources Matching Business, Japan: Solutions to Address Identified Issues

Strategic Value Shift

Talent Upskilling Path

Developing next-generation engineers ready to meet AX demand and drive AI-driven development.

* DevSecOps is a methodology that integrates security into development and operations, embedding security measures early and throughout the entire software development lifecycle.

IT Human Resources Matching Business, Japan: Transitioning to a Problem-Solving Organization

Shift in Value Proposition

Evolving Our Supply Base of
24,000 Talents:
Establishing the AX/PM Community

- Creating a community ecosystem attracting premium talent.
- Providing valuable insights and growth opportunities through events and study sessions.
- Aiming to secure a stable pipeline of projects for community members.

Evolving into the infrastructure that accelerates AI implementation across Japan.

Seed Tech: Key Initiatives - DX service for SMEs: “Digishoku”

- We focus on “Digishoku” (Practical DX), establishing a business model where a single professional simultaneously supports multiple companies.

High-Quality, Low-Cost DX/AX Support Through Expert Sharing

Service Model Comparison

Major Consulting Firms	~4.0 Million JPY / Person-Month
Digishoku	From 200,000 JPY / Company

Expert Sharing

Our AI back-office support team enables SMEs to leverage high-quality DX support at a minimal cost.

A single “Digishoku” professional simultaneously guides multiple companies.
The optimal solution for “sharing” expert knowledge.

Back-office support from AI/DX Planners

Efficient operations driven by AI utilization

Overseas Offshore Base
(Seed Tech)

AI-Driven Development
Capability

IT Human Resources Matching Business, Overseas: Key Initiatives

- Returning to a Trajectory of Profit Growth

- We will maintain profitability and drive mid-to-long-term growth by refining our sales foundation and focusing on high-margin projects.

1

Focus on High-Demand Industries

Target high-growth sectors: Telecom, Financial Services, Tech, and Government (Education/Environment).

2

Strengthen Client Acquisition and Share

Drive growth through new consultant KPIs and strengthened in-person relationship management.

3

Secure Margins via Selective Projects

Prioritize high-margin contracts from SMEs and government entities, building on last year's turnaround.

4

Maximize Group Synergies

Boost revenue opportunities by capturing projects from local Japanese subsidiaries and offshore projects.

Appendix

5

GEECHS

[geek × tech]

Partnering with technological groups with a wealth of eminent expertise in the IT and Internet fields, GEECHS supports the work styles of all those involved to provide all sorts of value through our technologies.

GEECHS Group Business Overview

- We deploy diverse services built on our unique shared assets to solve clients' IT, DX, and AX challenges.

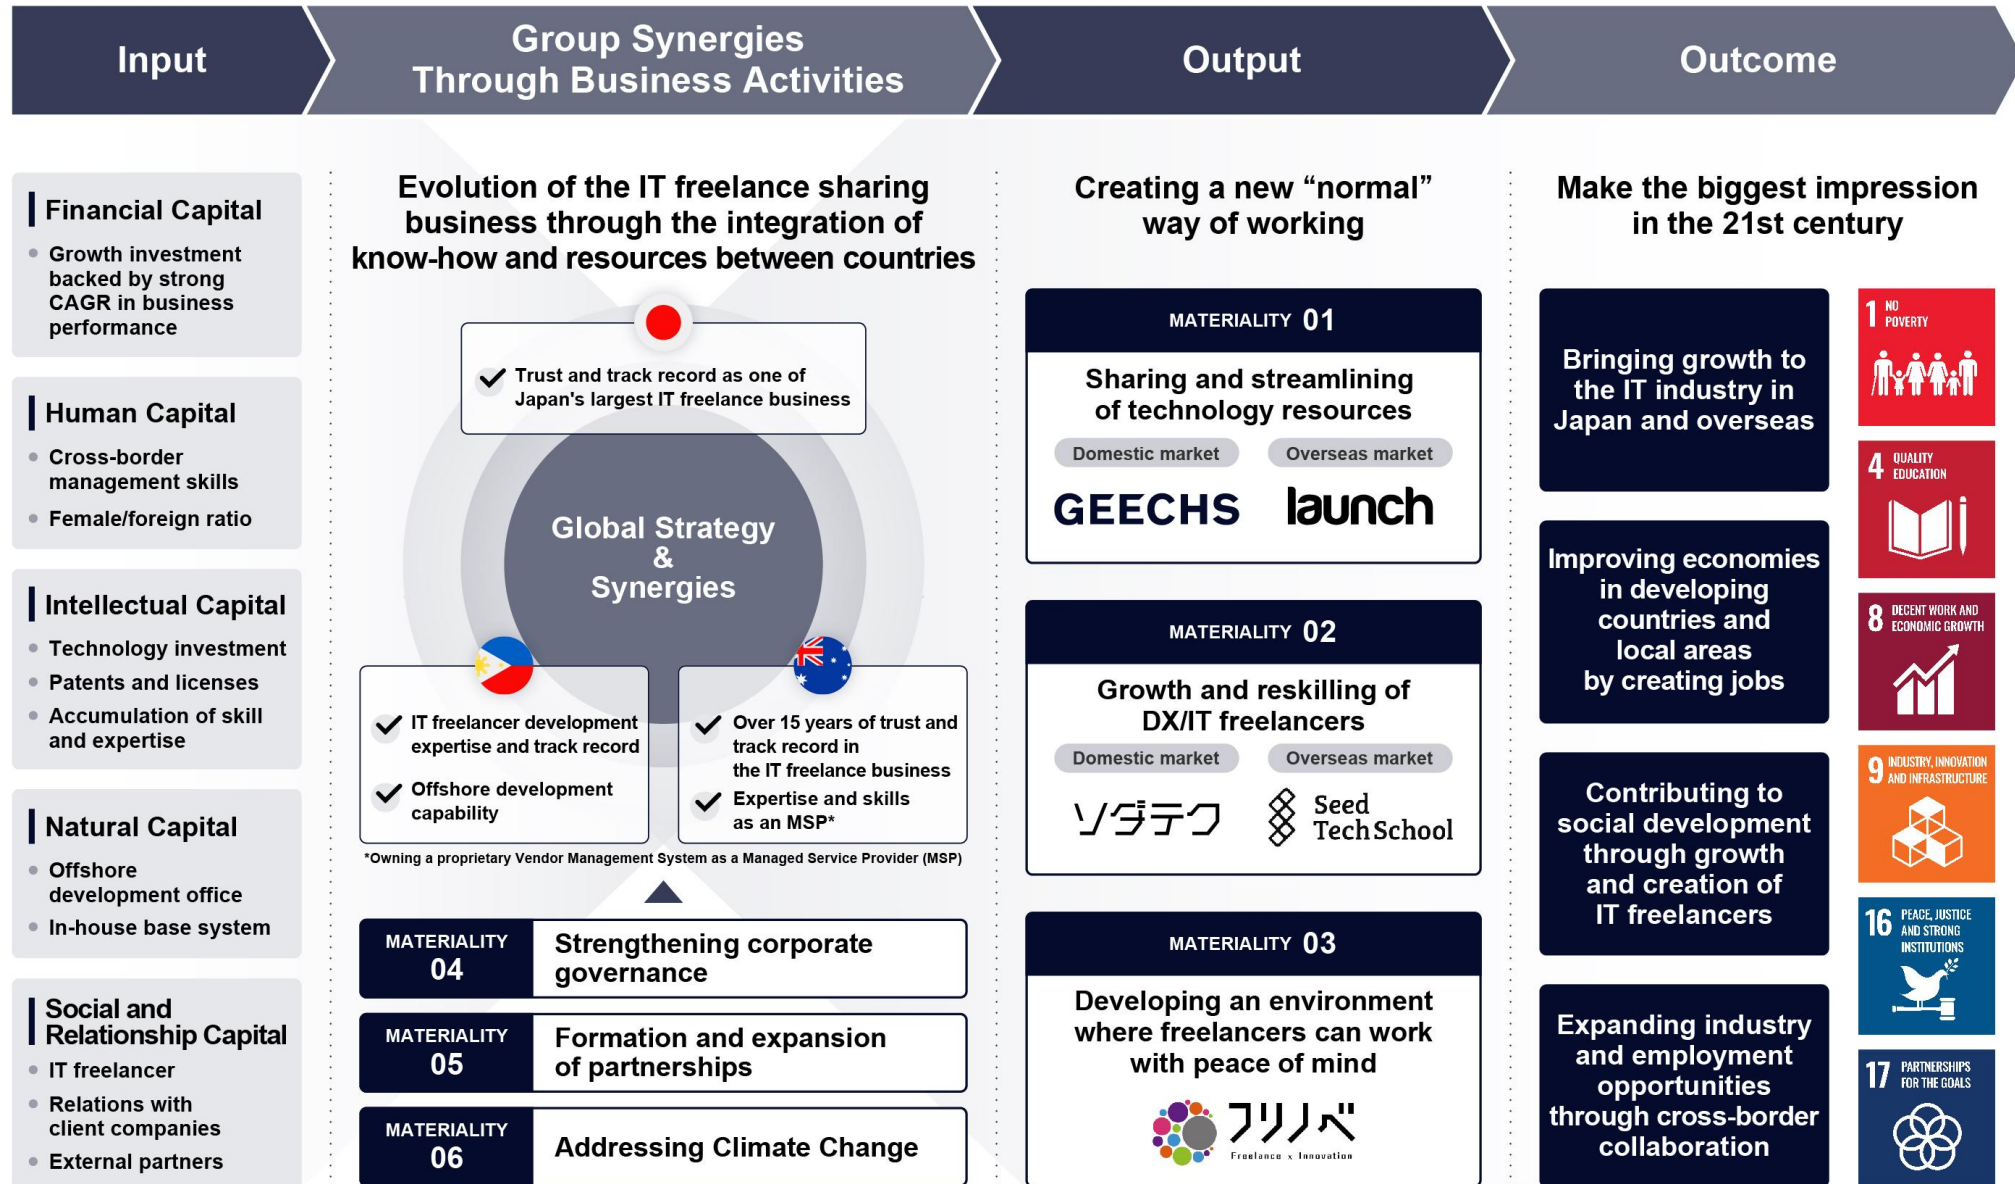

Performance Trend since IPO (Sales, Operating Profit)

- Since our IPO in March 2019, we have delivered steady, upward growth, and remain focused on growing our core IT human resources matching business Japan.
- From 1Q of FY2024, the IT human resources matching business overseas was consolidated through M&A. Meanwhile, we executed a share transfer of G2 Studios, which had posted a significant loss by the end of March 2024. Through this restructuring of its business portfolio, the company achieved a V-shaped recovery in profits in FY2025, led by the IT human resources matching business Japan.

*1 Started consolidation of IT human resources matching business overseas from 1Q FY24/3.
*2 G2 Studio's shares were transferred in the end of March 2024 and excluded from consolidation from FY24/3.
*3 Since the revenue recognition standard was changed from FY22/3, sales figures for FY21/3 and before were prepared based on transaction volume.

GEECHS Social Impact Flow

IT Human Resources Matching Business, Japan

IT Human Resources Matching Business, Overseas (Launch Group)

1. Australian IT Staffing Service Pioneer

Established in 2006, trusted IT human resources service provider with a proven track record. Over 50% of our clients have maintained continuous business relationships with us for more than 5 years.

2. A Rich and Highly Specialized IT Talent Database

With a database of over 430,000 IT professionals, we manage more than 7,500 person-months of IT talent annually. Our talent pool spans a wide range of IT fields, including infrastructure & cloud, software development, and security.

3. Expansion of IT staffing, recruitment, and MSP Services.

In addition to IT staffing and recruitment, we offer comprehensive support throughout the entire talent acquisition process through MSP services, establishing long-term contractual relationships and building a strong client base. Through our proprietary VMS, we address the challenges of managing casual employment and onsite talent, ensuring stable and efficient service delivery.

* MSP : Managed Services Providers

* VMS: Vendor Management System

A comprehensive talent management solution that handles the entire process from marketing to contract for client talent acquisition

1. Nurturing Digital Talent from the “Seed”

[Sodatech: IT, DX, and AX talent development service]
Provides a SaaS-based platform offering 500+ video tutorials for corporate and individual training.

[Digital Study Abroad]
Offers an intensive, short-term, bootcamp-style program conducted overseas, combining English language learning with training in programming and digital skills.

2. Hands-on DX/AX Consulting for SMEs

Maximizes value creation by providing our in-house trained digital talent to solve SME challenges, seamlessly linking development with training.

3. Co-Creation Lab with Global Development Team

Provides high-performing development teams composed of engineers in both Japan and overseas. Offers comprehensive support from recruitment and training to team management to build long-term, “successful development teams” that drive business growth.

4. IT Talent Solutions

Delivers flexible, optimized IT solutions—such as permanent staffing and quasi-mandate contracts—tailored to client needs.

Taking the world forward with the power of technology
Nurturing IT development team and digital talent from seed by focusing on development and education.
